Iba a la cómoda donde los guardaba, abría los cajones y antes de escogerlos los miraba satisfecho.

—Hoy, que es un día festivo, me los pondré de un color bien vivo.

Y se puso unos fluorescentes que se distinguían a lo lejos.

Como cada día después de desayunar, aunque lloviese, nevase o soplase mucho viento, salió a pasear por el bosque.

Por si tenéis alguna duda... No, Matías no se duchaba, que eso del agua no es cosa buena para los ogros. Tan solo se quitaba las legañas y hacía gárgaras después de tirarse unos cuantos pedos para poder andar más ligero.

En cambio, sí que hacía la colada. Y es que a Matías le gustaba llevar los calcetines limpios como los chorros del oro.

–No miris avall! –va avisar la Nora–. Va, que ja acabem, que no més ens queda un toc!

El cas és que se'n van sortir i les campanes van tocar l'àngelus amb puntualitat.

Fins aquí tot bé, però quan l'Eulàlia va voler deixar la corda, no podia treure la mà del cordam. Per poder-s'hi agafar millor, l'havia ficat entremig i ara n'havia quedat presonera.

De seguida, la Nora la va voler ajudar, però no hi havia manera. Va fer una estrebada, una i una altra de més fòrta. No se'n van adonar que la campana va començar a tocar uns tocs repetits, molt seguits... D'alarma!

Com que es van posar nervioses, els tocs de campana es van intensificar.

The Small Days

"The endearing characters of this small town are unique and fun"

"A fresh reading that takes us to walk through the cobbled streets of a small town and to see them through the eyes of a different character"

The small days is a coral and fragmentary novel, in which the stories of some of the inhabitants of a small town are told: the letter man, Juan Tarambana, the aunt Gabriela, the boy Antón, Luisa, Pedro Campana... they are the main characters of these days that smell of freshly mowed fields, of damp earth on the banks of the river and of holm oak and pine forests. Maybe it has been a long time since you don't ride a skateboard to slide downhill as fast as you can; or that you don't climb a tower to talk to a cloud; or that you don't listen to a well-told story of fear...

Come, take a look at this book and enjoy the adventures that make the days shine and full us with joy.

un niño y una abuela subidos a una patineta. Juan Tarambana salió de su ensimismamiento y sugirió: «Esta aventura bien se merece unos hexímetros dactílicos». Pero nadie pareció hacerle caso porque en ese momento, ¡pataplán!, un cuarto pasajero tomaba asiento en la patineta. Pobre niño Antón, que quería estrenarla a solas...

El cuarto accidental pasajero era el hombre carta que corría a dar un mandado y, ahora, con la patineta, más que correr, volaba.

Desde lo alto del campanario, Pedro Campana, que estaba viendo la tragedia que se avecinaba, tocó la campana a rebato. Rápidamente la gente se asomó por puertas y ventanas, preguntándose qué podía estar pasando. Y una de esas puertas era la del ayuntamiento, por donde se asomaron Lorenzo, el alcalde, y Ramón y Ramona, los concejales, para ver qué sucedía.

En ese momento la patineta enfilaba la bajada última, la del frontón, la que iba a parar a la puerta del ayuntamiento. A toda velocidad la patineta y sus pasajeros entusiasmados chocaron con el alcalde y los concejales y, todos juntos, entraron en la casa consistorial donde, tras un topetazo final, terminó su carrera.

El niño Antón, la tía Gabriela, Juan Tarambana y el hombre carta gritaron de alegría. La patineta había ido veloz como un rayo y la carrera había sido maravillosa. Debajo de ellos, Lorenzo, el alcalde, y Ramón y Ramona no parecían tan contentos. «Por cierto, señor alcalde», dijo el hombre carta, «que me manda su mujer, para recordarle que no se ensucie la ropa porque esta noche tienen cena con unos parientes». Aunque, por lo que parece, el mandado ha llegado algo tarde.

WINNER OF THE STREGA RAGAZZI AWARD 2018

"Based on real facts, this moving story recreated by prestigious writer Lluís Prats it is now rendered with poetic and delicate illustrations by multi-awarded artist Zuzanna Celej"

The novel is based on the story of Hachiko, a faithful dog who became an emblem in Japan and a symbol of friendship and whose story provided the inspiration for two films: a Japanese one from the 1970s, and the Hollywood remake starring Richard Gere from 2009. Hachiko the dog has also a statue dedicated to him in Shibuya Station (Tokyo). Lluís Prats recreates the story of Ueno, a lecturer at Tokyo University, and his dog Hachiko. After taking him into his home, the dog accompanies the lecturer every morning and waits at the station for him to return. a través de las ventanas. Nos sentamos en la hierba, pero él no quiso coger a Yemita, le daba grima. Su piel era áspera y fría como la de las gallinas viejas que han sido desplumadas para la cazuela. Y eso no le gustaba.

—En realidad nunca había visto un pollo vivo hasta venir aquí —me confesó.

Yo me reí pensando que era una broma, pero no, iba en serio.

—¿Y tampoco guarros?

—Solo de los que se tiran pedos en clase —me dijo.

Y nos reímos.

Cuando nos quisimos dar cuenta el jardín estaba lleno de gente y la música sonaba fuera. Bailaban. La tía Guillermina, que estaba un poco achispada, y don Agustín, que era el tío de Pedro, y hasta Eugenio, el del bar, nos animaron a que bailáramos, y nosotros no queríamos. Nos daba vergüenza, pero fueron tan pesados que tuvimos que hacer que bailáramos. El tío nos miraba en silencio con el eterno cigarrillo entre los labios. Le eché una mirada y cabeceó cómplice, como dándome la razón a todo, y yo le sonreí, contenta. Así era el tío, por eso me gustaba.

Cuando terminó la fiesta, estaba tan excitada que no me importó haber perdido los zapatos. Al revés, me sentí aliviada por ello. ¡A la porra los zapatos de boda! A mi madre y a la tía Guillermina no les pareció bien. Me riñeron. Lloré por hacerme un poco la víctima, pero se me escapaba la sonrisa al mirar mis pies descalzos. Y al pensar en Pedro. Y también en Membrillo.

En cuanto llegase iría a ver al potro.

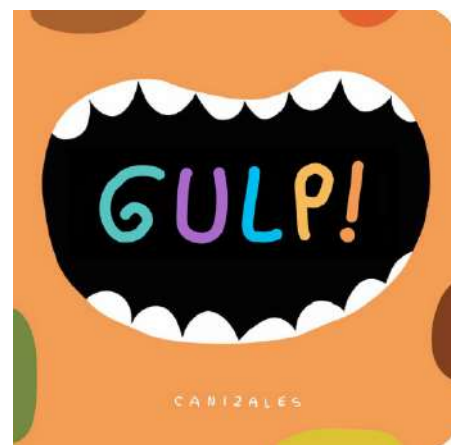

También Pedro, al día siguiente, vendría a verlo; me lo había prometido.
